CyberCup 3.0

08/08/2023

Raghav

Amity University Uttar Pradesh, Noida

Event Proposal: CyberCup 3.0

Event Overview:

Amity University Uttar Pradesh, Noida campus is organizing CyberCup 3.0. CyberCup 3.0 is a 24 Hours hackathon, starting 13th October 2023, 9:00AM in the morning and shall culminate with the Award Ceremony on 14th October 2023, 9:00 AM. The event invites participants from different technical institutions throughout the nation who shall code continuously for 24 Hours & compete for exciting cash prizes. The problems statement will be based on very exciting themes namely Blockchain & Cybersecurity, Artificial Intelligence & Cloud Computing, Internet of Things & Healthcare.

This event is going to be a once in a lifetime opportunity for students who will get a chance to work on real life problems. Additionally, to keep the spirit of the event more lively and vibrant, the event shall include mentoring from industry professionals and academic experts during each round of evaluation. To keep students motivated during the 24 Hours hackathon, flash mobs and yoga sessions will be organized.

Event Objectives:

1. Skill Enhancement: Provide participants with opportunities to enhance their technical skills, problem-solving abilities, and knowledge through hands-on challenges.
2. Innovation: Encourage innovative thinking and the development of creative solutions to address the given problem statement provided by the organizing team.
3. Networking: Facilitate networking among participants, industry professionals, and experts in the field, fostering collaboration and potential career opportunities.

4. Teamwork: Cultivate a spirit of teamwork and collaboration by bringing together diverse talents to work collectively on complex real world problems.

Target Audience:

- University students interested in computer science, and related fields.
- Developers, programmers, and technology enthusiasts passionate about different domains like blockchain and cybersecurity, Artificial Intelligence and Cloud Computing, IoT and Healthcare.
- Industry professionals and experts seeking to share their knowledge and collaborate with peers.

Event Logistics:

- Date: October 13th-14th, 2023
- Venue: Amity University Uttar Pradesh, Noida campus
- Registration: Participants can register online through the event website.
- Participation Fee: A nominal fee of INR 500/- per team will be charged to cover event expenses.
- Prizes: Attractive prizes, certificates, and recognition for the top performers and winning teams.

Conclusion:

"CyberCup 3.0" promises to be an exhilarating journey into the world of technology innovation and collaboration across multiple themes. By bringing together bright minds to explore themes like Blockchain & CyberSecurity, AI & Cloud Computing, and IoT & Healthcare, this event aims to push the boundaries of what's possible in these cutting-edge fields. Participants will have the unique opportunity to enhance their skills, engage with experts, and develop creative solutions that address real-world challenges.

We invite you to join us for this exciting hackathon as we collectively work towards shaping the future of technology. By fostering interdisciplinary collaboration and encouraging creative problem-solving, "CyberCup 3.0" is poised to contribute significantly to the advancement of various technological domains.
